DANGEROUS LIVING: coming out in the developing world

In observance and celebration of National Coming Out Day, please join us for a compelling discussion about coming out LGBTQ.

This is the first documentary to deeply explore the lives of gay and lesbian people in non-western cultures. Traveling to five different continents, we hear the heartbreaking and triumphant stories of gays and lesbians from Egypt, Honduras, Kenya, Thailand and elsewhere, where most occurrences of oppression receive no media coverage at all. By sharing the personal stories coming out of developing nations, DANGEROUS LIVING sheds light on an emerging global movement striving to end discrimination and violence against gay, lesbian, bisexual and transgendered people.
